PCOD: COLLABORATIVE CARE APPROACH TO MANAGEMENT

Date
23rd Aug 2025
Saturday

Time
01.00 PM
to
05.30 PM

Place
Hotel **Cenneys Gateway**
Salem

Programme Highlights

Dear Dr's

We cordially invite you to an informative workshop on PCOD-related health issues, where experts from various fields will discuss the latest approaches and treatment options.

Workshop Highlights:

- **Multidisciplinary Team Approach:** Learn from a panel of gynecologists, reproductive endocrinologists, dermatologist, mental health professionals and fertility specialists.
- **Personalized Treatment Plans:** Understand how to tailor treatment plans to meet individual patient needs.
- **Latest Research and Technologies:** Stay updated on the latest advancements in fertility treatments and assisted reproductive technologies.
- **Managing Obesity in PCOD:** Explore the impact of obesity on PCOD symptoms and fertility, and learn effective weight management strategies.
- **Addressing Hirsutism:** Gain insights into the causes and treatment options for excessive hair growth in PCOD.
- **Emotional Support and Mental Health:** Discover the importance of emotional support and mental health care in managing PCOD.

Join us in improving fertility outcomes and quality of life for women with PCOD!
